

# Fostering Learning, Achievement and Graduation Success (FLAGS)

## 1. What happens when FLAGS are submitted for students with 0-60 credits?

## 2. How does the Titan Success Center help students to address FLAGS?

## 3. What are instructors doing to increase FLAGS responses in their courses?

- Informing the class about the FLAGS system including step by step demonstration of how to check IU FLAGS.
- Posting FLAGS instructions (provided by TSC) on canvas and/or emailing it to students.
- Sending a canvas announcement after submitting FLAGS and/or announcing it in class.
- Personally referring students who have expressed that they are experiencing academic difficulties or other life issues to the TSC team.
- Developing a plan of how students can recover in their class when they respond to FLAGS.
